MEMORANDUM FOR: Director of Computer Services
[Redacted]
Director of Research and Development
Director of Special Activities
Director of Scientific Intelligence
Director of Special Projects
Director of Foreign Missile and Space
Analysis Center

SUBJECT : DCI Annual Report to the President's
Foreign Intelligence Advisory Board
(PFIAB)

1. DDS&T has been requested to contribute to the DCI's annual report to the PFIAB on "Coordination of the U. S. Foreign Intelligence Effort." This is separate and distinct from the Agency's annual report to the PFIAB which you also contributed to recently.

2. The information desired falls into four major headings as indicated in the attached memorandum from John Bross. I realize that some of the addressees above are more involved in community coordination activities than others and therefore the latter may have little or nothing to report. At any rate, note paragraph 3 of the NIPE memo which asks only for brief summaries of major items.

3. No deadline has been given but we have been requested verbally to respond as soon as possible. Based on last year's experience in this regard, we anticipate the DDS&T response will be called for about 28 September. May we have your contributions by that date.
